University policy states that space heaters are prohibited unless an exception has been granted by the Divisional Vice President. Information can be found at: http://www.vpaf.uni.edu/ehso/tips/electrical.shtml

Space heaters MUST be equipped with tip over protection. No older style heaters are allowed. Space heaters must be UL listed. Space heaters must be plugged directly into a wall outlet.

Heaters cannot be operated within 3 feet of any combustible material.

No Extension cords or power strips.

Contact 3-2004 or jason.kayser@uni.edu for further information.
