

**University of Northern Iowa
Recycling Substation Statistical Information**

November, 2008

Item	Tons	% Increase over Past Year	% of Total Tonnage	Peak
Newsprint/Paper	104.78	28.10%	48.60%	July, 2008 - 13.28 tons
Cardboard	59.77	16.10%	27.70%	May, 2008 - 10.03 tons
Plastics	27.7	30.30%	12.80%	June, 2008 - 2.43 tons
Tin	12.51	Slight Decrease	5.80%	September, 2008 - 2.23 tons
Glass	9.08	4.30%	4.20%	July 2008 - 2.12 tons
Plastic Bags	1.5	20%	1%	-
Total Tonnage	215.34	17.90%	-	July, 2008 - 25.86 tons

NOTES:

1. In 2008, likely reflective of the weather, only 17.98 tons were recycled in February-March, with the other 10 months up dramatically.
2. Six of the 12 months in the second year of operation exceeded the peak volume month of year one, which augers well for continued future growth.
3. The 2008 peak volume month was July (25.86 tons) followed closely by June (24.1 tons) and September (23.49 tons).
